NAVIGATION BUTTONS

As default, nav buttons have background color #ccc  
On mouse-over/hover, background color fades to #ee7a52.  
Once clicked, background color holds on #db6e45

#work - width 100% - height auto - L

WORK/CONTENT SLIDERS

Once a nav button is selected, the corresponding content slider drops down below the navigation bar. The top of the navigation also slides to the top of the page.

The content images are full responsive to the width of the window. Images are navigated with the forward and back arrows or the bullets at the bottom of the container area. Images fade in when advanced by the arrows.

#about me - width 100% - height 175px - L

ABOUT ME

By default, the background color for the about me button is #2f2f2f. On mouse-over/hover, the background color fades to #db6e45 and remains that color on active state.

#resume - width 100% - L

ABOUT ME

By default, the resume div is hidden. Once the about me button is clicked, the resume slides down.
